*Classes with blue background are part of the Web Programmer tech diploma

Proposed Program Name Change

As a result of the grant we received, we have infused the use of AI into every program course. So, we propose to change the name of the Associate Degree program to: **AI Applied Software Development**

Required votes:

- Approval of changes to the tech diploma
- Approval of changes to the associate's degree
- Approval of name change of the associate's degree

Other topics

- Web Programmer Tech Diploma Program Outcomes Survey
 - o <https://www.surveymonkey.com/r/J8VS5SG>
- Suggestions for the Software Systems class
- Are you seeing a need for AI Engineering/AI Integration roles?
- How are you using, or planning to use AI and cloud computing?

- Any other trends you are seeing?
